

Dear Parents,

It has been found that students are signing in to e-campus, changing the password and forgetting the same. You are hereby requested to look into the matter and see that:

- **Either the students keep the password given by the school.**

OR

- **Students write the changed password somewhere.**

OR

- **The students should update the profile with correct email id, in this case they can reset the password themselves using forget password option, where password will be sent to their respective mail id.**

In spite of this if they forget the password, you are requested to mail your request to ssschool_habra@yahoo.com and the new password will be mailed to you within 5 (five) working days.

PLEASE NOTE THAT, PASSWORD RESET REQUEST WILL NOT BE ENTERTAINED OVER TELEPHONE.

Parents are hereby requested to look into the matter and cooperate with the school authorities.

Principal
